

# Convo Cube

Name something you are thankful for and why.

What have you done recently that you are proud of?

Say something nice about a person at the table.

What is your favorite vacation memory?

Sing a line from your favorite song.

Tell one good thing that happened today.

Print and cut out the template, fold at the dotted lines and tape or glue the flaps down to create a cube.

During a meal, each family member takes a turn to roll the cube and do the task on the side that it lands!
